PXI CHASSIS

Number of Slots: 14
Number of System Slots: 1
Number of PXI Peripheral Slots: 13
Power Supply: AC
Total Available Power: 500W
Accepts both 3U and Compact PCI Modules: Yes
Operating Temperature: 0'C~50'C

Relative Humidity : 10% ~ 90%

Size: 258mm*448mm*177mm (L*W*H)
4U height rack mount or desktop installation
Compatible with PXI, Rev2.2 specifications
Compatible with IEEE 1101.10 formal standard
Meet the PICMG2.0 specification
Cooling fan with a strainer
Temperature, voltage and fan monitoring LED

PXIC-7314

Number of Slots: 10
Number of System Slots: 1
Number of PXI Peripheral Slots: 9
Power Supply: AC
Total Available Power: 400W
Accepts both 3U and Compact PCI Modules: Yes
Operating Temperature: 0~50'C
Relative Humidity: 10%~90%
4U height rack mount or desktop installation
Compatible with PXI, Rev2.2 specifications
Compatible with IEEE 1101.10 formal standard
Meet the PICMG2.0 specification
Cooling fan with a strainer
Temperature, voltage and fan monitoring LED

PXIC-7310

Number of Slots: 6
Number of System Slots: 1
Number of PXI Peripheral Slots: 5
Power Supply: AC
Total Available Power: 400W
Accepts both 3U and Compact PCI Modules: Yes
Operating Temperature: 0~50'C
Relative Humidity: 10%~90%
4U height rack mount or desktop installation
Compatible with PXI, Rev2.2 specifications
Compatible with IEEE 1101.10 formal standard
Meet the PICMG2.0 specification
Cooling fan with a strainer
Temperature, voltage and fan monitoring LED

PXIC-7306
